MEMORANDUM FOR : Audit Liaison Officer  
SUBJECT : Contracts Nos. [REDACTED]  
Projects CORONA and ARGON

25X1A

1. Attached are two copies of Contractor's letter requesting an assist on determining the current overhead and labor rates at its first and second tier subcontractors.

2. I do not have copies of the subcontractor proposals to the prime; however, these should be available at their plants. I would sincerely appreciate a prompt review of the proposed rates and your comments thereon. If possible, a telephonic report from the field auditor in advance of the written report would help.
